#### i. Actual and Assessed Valuation History

- i. Report the annual actual and assessed valuation for the current year and for each of seven (7) years prior to current year: A copy of the 2021 Certification of Valuation by the Douglas County Assessor is attached hereto as <a href="Exhibit C">Exhibit C</a>. The 2015-2020 Assessed Valuations of the District are attached to the 2016, 2017, 2018, 2019 and 2020 Annual Reports. There are no available certifications prior to 2015 as the District was not organized until the year 2014.
- ii. For each year, compare the certified assessed value with the Service Plan estimate for that year. If Service Plan estimates are not available, indicate the same and report the certified value. The District was organized in 2014; thus, the information provided below is from 2016 to the current year. The Service Plan estimate includes the total number of residential units for two phases: (1) an estimated 329 residential units in Phase I; and (2) an additional 350 residential units in Phase II, which was in the

then-Future Inclusion Area, for an estimated total of 679 residential units (the "Service Plan AV Estimate").

Subsequent to the approval of the Service Plan, the 350 residential units from the Future Inclusion Area became part of a new metropolitan district, the Cielo Metropolitan District. Thus, the District had an estimated total of only 329 residential units (which is 48.5% of the estimated 679 residential units originally contemplated in the Service Plan, the "Equalized AV Estimate"). Additionally, in connection with the District's issuance of its 2018 Bonds, the District's Accountant prepared a cash flow analysis (the "Bond AV Estimate"), which contains an estimate of assessed valuation for the 329 residential units.

Based on the foregoing, the below table sets forth: the Service Plan AV Estimate, the Equalized AV Estimate; the Bond AV Estimate; and the assessed valuation actually issued by the County (the "Actual AV"):

Year	Service Plan AV Estimate (based on 679 units)	Equalized AV Estimate (48.5%, or 329/679 units)	Bond AV Estimate (based on 329 units)	Actual AV (per County, based on 323 units)
2016	\$857,820	\$416,043	n/a (bonds issued in 2018)	\$63,700
2017	\$4,032,363	\$1,955,696	\$70,780	\$70,780
2018	\$9,293,743	\$4,507,465	\$157,818	\$58,150
2019	\$14,236,525	\$6,904,715	\$2,070,956	\$5,215,040
2020	\$17,328,021	\$8,404,090	\$6,670,032	\$6,607,040
2021	\$21,064,484	\$10,216,275	\$10,825,616	\$8,540,970

#### j. Mill Levy History

i. Report the annual mill levy for the current year and for each of the seven (7) years prior to current year. Break the mill levies out by purpose (e.g., debt issuance and operations and maintenance): In 2021, the District certified a mill levy of 11.132 mills for the General Fund and 55.664 mills for the Debt Service Fund for a total of 66.796 mills. In 2020, the District certified a mill levy of 11.132 mills for the General Fund and 55.664 mills for the Debt Service Fund for a total of 66.796 mills. In 2019, the District certified a mill levy of 11.132 mills for the General Fund and 55.664 mills for the Debt Service Fund for a total of 66.796

mills. In 2018, the District certified a mill levy of 11.055 mills for operations and maintenance and 55.277 mills for general obligation bonds and interest. In 2017, the District certified a mill levy of 10.000 mills for operations and maintenance and 55.277 mills for general obligation bonds and interest. In 2016, the District certified a mill levy of 10.000 mills for operations and maintenance and 50.000 mills for general obligation bonds and interest for collection year 2017. In 2015, the District certified a mill levy of 50.000 mills for operations and maintenance for tax collection year 2016. The District did not certify a mill levy in 2014 (the year in which the District was organized), for collection year 2015.

ii. For each year, compare the actual mill levy with the Service Plan estimate for that year. If Service Plan estimates are not available, indicate the same and report the actual mill levies: The Service Plan authorizes a Maximum Total Mill Levy of 60.000 mills with a Maximum Debt Service Mill Levy of fifty (50.000) Mills and a Maximum Operations & Maintenance Mill Levy of ten (10.000 Mills, as adjusted). In 2021, the District certified a mill levy of 11.132 mills for operations and maintenance and 55.664 mills for general obligation bonds and interest. In 2020, the District certified a mill levy of 11.132 mills for operations and maintenance and 55.664 mills for general obligation bonds and interest. In 2019, the District certified a mill levy of 11.132 mills for operations and maintenance and 55.664 mills for general obligation bonds and interest, as adjusted per Article X Section 3 of the Colorado Constitution. In 2018, the District certified a mill levy of 11.055 mills for operations and maintenance and 55.277 mills for general obligation bonds and interest. In 2017, the District certified a mill levy of 10.000 mills for operations and maintenance and 55.277 mills for general obligation bonds and interest. In 2016, the District assessed 10.000 mills for operations and maintenance and 50.000 mills for general obligation debt. In 2015, the District assessed 50.000 mills for operations and maintenance. The District did not certify a mill levy in the years 2014-2015, nor did the Service Plan anticipate the District doing so.

#### k. Miscellaneous Taxes History

- i. Report the annual miscellaneous tax revenue for the current year and for each of the seven (7) years prior to the current year. Break the tax revenue out by purpose (e.g., general operations, revenue-based obligations, debt by issue, contractual obligations, other): **Not Applicable.**
- ii. For each year, compare the actual miscellaneous tax revenue with the Service Plan estimate for that year (if provided in Plan). If the Service Plan estimates are not available, indicate the same and report the actual taxes: **Not Applicable.**

- 1. Estimated Assessed Valuation of District at 100% Build-Out
  - i. Provide an updated estimate and compare this with the Service Plan estimate: The Service Plan estimated an assessed valuation of \$24,401,016 at full build out; however, this estimate was for the estimated 679 residential units originally contemplated in the Service Plan, and per the above, the District has 323 residential units (323/679 = 47.57%). Thus, the equalized estimate would be \$11,607,563 (which is 47.57% of \$24,401,016). The 2022 preliminary assessed valuation for the District is \$11,164,910.
- m. Estimated Amount of Additional General Obligation Debt to be Issued by the District between the End of Current Year and 100% Build-Out.
  - i. Provide an updated estimate based on current events. Do not include refunding bonds: The District issued bonds in 2018. No new debt was issued in 2021.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

#### Other Matters

#### Required Supplemental Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for the purposes of legal compliance and additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, such information is fairly stated in all material respects in relation to the financial statements as a whole.

#### Other and Continuing Disclosure Information

The other and continuing disclosure information, as listed in the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

In connection with our audit of the basic financial statements, our responsibility is to read the other and continuing disclosure information and consider whether a material inconsistency exists between the other and continuing disclosure information and the basic financial statements, or the other and continuing disclosure information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other and continuing disclosure information exists, we are required to describe it in our report.

Neither transaction, however, has any effect on net position.

#### NOTE 1 DEFINITION OF REPORTING ENTITY

Stone Creek Metropolitan District (the District), a quasi-municipal corporation and a political subdivision of the state of Colorado, was organized by order and decree of the District Court for Douglas County, Colorado granted on November 25, 2014, and recorded on December 15, 2014, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes).

The District was organized to provide financing for the planning, design, acquisition, construction, installation, relocation, redevelopment, financing and ongoing operations of essential public-purpose facilities such as water, sanitation, streets, safety protection, parks and recreation, mosquito control, covenant enforcement and design review and security. The District will serve the public improvement needs of Stone Creek Ranch which is generally located at Scott Road and State Highway 83 (Parker Road) in Douglas County, Colorado. Under the Service Plan, the District will provide essential public improvements and services for a new residential community located entirely within Douglas County. The property in the District is anticipated to be developed consistent with the terms, requirements, and provisions of a Development Agreement.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

The District has no employees, and all operations and administrative functions are contracted.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

#### **Government-Wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by property taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Government-Wide and Fund Financial Statements (Continued)**

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District has determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Fee Revenue Fund is used to account for the fees to be collected from lots and/or homeowners in the District to be used for operations and maintenance and clubhouse facility expenses.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District's 2021 budget has been amended.

#### **Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August, and generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

#### **Deferred Inflows of Resources**

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

#### **Equity**

#### **Net Position**

For government-wide presentation purposes, when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

In the government-wide financial statements, fund equity is classified as net position. Net position may be classified into three components: net investment in capital assets, restricted and unrestricted.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Equity (Continued)**

#### Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the board of directors. The constraint may be removed or changed only through formal action of the board of directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the board of directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

*Unassigned Fund Balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

#### **Deficits**

The General Fund, Capital Projects Fund, and Fee Revenue Fund reported deficits in the fund financial statements as of December 31, 2021. The deficits were eliminated in 2022 with the receipt of funds advanced by the Developer and Homebuilders, and collection of District Fees.

#### NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2021, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 38,875
Cash and Investments - Restricted	1,116,317
Total Cash and Investments	\$ 1,155,192

Cash and investments as of December 31, 2021, consist of the following:

Deposits with Financial Institutions	\$ 46,840
Investments	1,108,352
Total Cash and Investments	\$ 1,155,192

#### **Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2021, the District's cash deposits had a bank and a carrying balance of \$46,840.

#### Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the board of directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

#### NOTE 3 CASH AND INVESTMENTS (CONTINUED)

#### **Investments (Continued)**

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- Bankers' acceptances of certain banks
- . Commercial paper
- Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- Guaranteed investment contracts
- \* Local government investment pools

As of December 31, 2021, the District had the following investments:

<u>Investment</u>	Maturity	 Amount		
Colorado Local Government Liquid Asset	Weighted-Average	 		
Trust (COLOTRUST)	Under 60 Days	\$ 1,108,352		

#### **COLOTRUST**

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust currently offers three portfolios – COLOTRUST PRIME, COLOTRUST PLUS+, AND COLOTRUST EDGE.

COLOTRUST PRIME and COLOTRUST PLUS+, which operate similarly to a money market fund, offer daily liquidity. Each share is equal in value to \$1.00. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

COLOTRUST EDGE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$10.00 transactional share price. COLOTRUST EDGE may invest in securities authorized by CRS-24-75-601, including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS-24-75-601.

#### NOTE 3 CASH AND INVESTMENTS (CONTINUED)

#### **COLOTRUST (Continued)**

A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAm by Standard & Poor's. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily or weekly, and there is no redemption notice period.

### Pledged Revenue

The 2018A Senior Bonds are payable solely from and to the extent of Senior Pledged Revenue defined in the 2018A Senior Indenture as moneys derived from the following sources, net of any costs of collection: (i) the Senior Required Mill Levy; (ii) all Capital Fees, if any; (iii) the portion of the Specific Ownership Tax which is collected as a result of imposition of the Senior Required Mill Levy; and (iv) any other legally available moneys which the District determines, in its absolute discretion, to credit to the Trustee for application as Senior Pledged Revenue. The 2018A Senior Bonds are additionally secured by amounts on deposit in the Senior Reserve Fund, by amounts on deposit in the Senior Surplus Fund which was partially funded with proceeds of the 2018A Senior Bonds, and by capitalized interest which was funded with proceeds of the 2018A Senior Bonds.

The 2018B Subordinate Bonds are payable solely from and to the extent of Subordinate Pledged Revenue defined in the 2018B Subordinate Indenture as moneys derived from the following sources, net of any costs of collection: (i) the Subordinate Required Mill Levy; (ii) the Subordinate Capital Fee Revenue, if any; (iii) the portion of the Specific Ownership Tax which is collected as a result of imposition of the Subordinate Required Mill Levy; and (iv) any other legally available moneys which the District determines, in its absolute discretion, to transfer to the Trustee for application as Subordinate Pledged Revenue.

### Senior Required Mill Levy

Pursuant to the Senior Indenture, the District has covenanted to impose a Senior Required Mill Levy each year in an amount sufficient to fund the Senior Bond Fund and pay the 2018A Senior Bonds as they come due, and if necessary, an amount sufficient to replenish the Senior Reserve Fund to the amount of the Required Reserve, but (i) not in excess of 50 mills (subject to adjustment described below), and (ii) for so long as the Senior Surplus Fund is less than the Maximum Surplus Amount, not less than 50 mills (subject to adjustment), or such lesser mill levy which will fund the Senior Bond Fund and pay the 2018A Senior Bonds as they come due, will replenish the Senior Reserve Fund to the amount of the Required Reserve, and will fund the Senior Surplus Fund up to the Maximum Surplus Amount.

### NOTE 5 LONG TERM OBLIGATIONS (CONTINUED)

### Senior Required Mill Levy (Continued)

In the event the method of calculating assessed valuation is changed after September 23, 2014, the minimum and maximum mill levies shall be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation. As of the date of issuance of the Bonds, the maximum and minimum mill levies have adjusted upward to 55.664 mills.

Pursuant to the Subordinate Indenture, the District has covenanted to impose a Subordinate Required Mill Levy in the amount of (i) 50 mills (subject to adjustment) less the Senior Bond Mill Levy, or (ii) such lesser mill levy which, after deduction of the Senior Bond Mill Levy, will fund the Subordinate Bond Fund in an amount sufficient to pay all of the principal of and interest on the 2018B Subordinate Bonds in full. The Subordinate Required Mill Levy will equal zero at any time that: (i) the payment of the 2018A Senior Bonds (and any other Senior Parity Bonds) requires the imposition of at least 50 mills, as adjusted; and (ii) at any time that there is on deposit in the Senior Surplus Fund less than the Maximum Surplus Amount.

### **Senior Reserve Fund**

Moneys in the Senior Reserve Fund shall be used by the Trustee, if necessary, only to prevent a default in the payment of the principal of, premium if any, or interest on the 2018A Senior Bonds. Moneys in the Senior Surplus Fund shall be used for payment of the 2018A Senior Bonds prior to any use of moneys in the Senior Reserve Fund. If at any time the Senior Reserve Fund is drawn upon or valued so that the amount of the Senior Reserve Fund is less than the amount of the Required Reserve of \$350,000, the Trustee shall apply Senior Pledged Revenue to the Senior Reserve Fund to replenish the balance in the Senior Reserve Fund to the amount of the Required Reserve.

### Senior Surplus Fund

The Senior Surplus Fund was partially funded in the amount of \$350,000 from proceeds of the 2018A Senior Bonds. In addition, Senior Pledged Revenue that is not needed to pay debt service on the 2018A Senior Bonds in any year will be deposited to and held in the Senior Surplus Fund, up to the Maximum Surplus Amount of \$1,241,250. The Senior Surplus Fund is to be maintained as long as any 2018A Senior Bonds remain outstanding. When no 2018A Senior Bonds are outstanding, any moneys in the Senior Surplus Fund are required to be remitted to the District for application to any lawful purpose of the District. The balance in the Senior Surplus Fund as of December 31, 2021, was \$363,198.

### **Authorized Debt**

On November 4, 2014, a majority of the qualified electors of the District authorized the issuance of indebtedness in an amount not to exceed \$234,000,000. The District's Service Plan limits the amount of debt issuance to \$18,000,000. At December 31, 2021, the District had authorized but unissued indebtedness in the following amounts allocated for the following purposes:

### NOTE 6 NET POSITION

The District has net position consisting of two components – restricted and unrestricted.

The restricted net position includes assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had a restricted net position as of December 31, 2021, as follows:

	 vernmental Activities
Restricted Net Position:	
Emergency Reserves	\$ 4,900
Debt Service	 373,384
Total Restricted Net Position	\$ 378,284

At December 31, 2021, the District's unrestricted net position is a negative amount, primarily due to operating expenses paid by advances from the Developer and interest paid to date on the Bonds. The Deficits were eliminated in 2022 with the receipt of funds advanced by the Developer and Homebuilders, and collection of District Fees.

### NOTE 7 AGREEMENTS

### **Operation Funding Agreement**

Effective as of December 15, 2014, and amended most recently on November 18, 2020, the District entered into a 2014-2015 Operation Funding Agreement, as amended (the OFA), with Choke Cherry Investors, LLC (the Developer) whereby the Developer agreed to advance funds to the District for the payment of operation and maintenance expenses, up to a stated "Shortfall Amount" of \$380,000, on a periodic basis as needed for the fiscal years 2014-2021 (Operations Advances).

The OFA states that it is the District's intent to repay Operations Advances to the Developer, to the extent it has funds available from the imposition of its taxes, fees, rates, tolls, penalties and charges, and from any other revenue legally available, after the payment of its annual debt service obligations and annual operations and maintenance expenses, which repayment is subject to annual budget and appropriation. Simple interest accrues on Operations Advances at the rate of the current Bond Buyer 20-Bond GO Index plus 4% per annum, however, in no event is such interest to exceed 8.0% per annum. The District's obligation to reimburse Operations Advances does not constitute a multiple fiscal year financial obligation, and the making of any reimbursement thereof is subject to annual appropriation by the District in its absolute discretion.

### NOTE 7 AGREEMENTS (CONTINUED)

### Operation Funding Agreement (Continued)

District payments to the Developer are to occur on December 2 of each year and be (a) applied first to accrued and unpaid interest; and then (b) to the principal amount due. The term of the OFA expires on December 31, 2021, unless terminated earlier by the mutual agreement of the District and the Developer. Any obligation of Developer to advance funds will expire upon advance to the District of amounts sufficient to pay expenses incurred in 2014 through 2021, not to exceed the Shortfall Amount. Any obligation of District to reimburse the Developer expires on December 31, 2051. In the event the District has not reimbursed the Developer for any Operations Advances on or before December 31, 2051, any amount of principal and accrued interest outstanding on such date is deemed to be forever discharged and satisfied in full.

As of December 31, 2021, outstanding amounts under the OFA consisted of \$350,797 of principal and \$80,274 of accrued interest.

Subsequent to December 31, 2021, on April 4, 2022, the OFA was again amended pursuant to the Seventh Amendment (See Note 11 Subsequent Events for a description of the OFA following the Seventh Amendment).

### **Facilities Acquisition Agreement**

The District and the Developer entered into a Facilities Acquisition Agreement (the Original FAA), with an effective date of August 4, 2016, setting forth the rights, obligations and procedures with respect to the District's acquisition of Developer – Constructed Improvements and reimbursement of the Developer as provided.

The District acknowledges in the Original FAA that the Developer has incurred expenses for the organization of the District (Organization Expenses) and the District is authorized to reimburse the Developer for the Organization Expenses. Upon verification of the Organization Expenses and subject to receipt of funding pursuant to section 7 of the Original FAA, the District shall reimburse the Developer the amount of the Organization Expenses that have been verified by the District's accountant and approved by the District's Board of Directors, plus amounts, if any, advanced to the District by the Developer to pay the costs incurred for such review, verification, and approval.

Subject to receipt of funding as set forth in Section 7 of the Original FAA, the District agrees to reimburse the Developer for Certified Construction Costs and Organization Expenses up to a maximum amount of \$16,000,000, together with accrued interest thereon. Organization Costs and Certified Construction Costs incurred prior to the District's date of organization on December 15, 2014 (Organization Date) accrue interest from the Organization Date, and Certified Construction Costs incurred after the Organization Date accrue interest from the date such costs are incurred by the Developer. Simple interest accrues on Organization Costs and Certified Construction Costs at the rate of the current Bond Buyer 20-Bond GO Index plus 4% per annum, however, in no event is such interest to exceed 8.0% per annum.

### NOTE 7 AGREEMENTS (CONTINUED)

### **Facilities Acquisition Agreement (Continued)**

The Original FAA does not constitute a debt or indebtedness of the District within the meaning of any constitutional or statutory provision, nor does it constitute a multiple fiscal year financial obligation, and the making of any reimbursement thereunder will be at all times subject to annual appropriation by the District.

On August 4, 2016, the Developer, as Assignor and TREZ Capital (2015) Corporation or its Nominee, as Assignee (Trez), entered into a Collateral Assignment of Right to Reimbursement under the Original FAA (the Assignment), under which the Developer agreed to repay a Loan by Trez through an assignment of the reimbursements from the District under the Original FAA. A claim for exemption from registration for municipal securities relative to the Assignment was filed with, and accepted by, the Colorado Division of Securities. The Assignment terminated on November 29, 2018, and the Developer's rights to reimbursement under the Original FAA were reinstated.

As of December 31, 2021, outstanding amounts under the FFA consisted of \$8,995,528 of principal and \$2,212,665 of accrued interest.

Subsequent to December 31, 2021, on April 4, 2022, the Original FAA was amended and restated in its entirety pursuant to the Amended and Restated Facilities Acquisition Agreement (the A/R FAA) (See Note 11 Subsequent Events for a description of the A/R FAA).

### Clubhouse Funding, Construction, and Operations Agreement

On November 19, 2019, the District entered into a Clubhouse Funding, Construction and Operations Agreement with the Developer, Cielo Metropolitan District (Cielo) and Forestar (USA) Real Estate Group Inc. (the Original Clubhouse FCOA). The Original Clubhouse FCOA set forth the rights, obligations, and procedures for the construction of a public clubhouse, swimming pool, and related public improvements (Clubhouse Improvements), and the cost sharing agreement related to operation and maintenance of the Clubhouse Improvements.

On August 25, 2021, the Board of the District approved various agreements to replace the Original Clubhouse FCOA, and therefore, also authorized the termination of the Original Clubhouse FCOA.

The other agreements which the Board of the District approved on August 25, 2021, to replace the Original Clubhouse FCOA, were: (1) the Clubhouse Construction Agreement by and among the District, Choke Cherry Investors, LLC, Cielo Metropolitan District and Toll Southwest LLC (the Clubhouse Construction Agreement); and (2) the Clubhouse Joint Use and Operations Cost Sharing Agreement by and between the District and Cielo Metropolitan District (the Clubhouse Operations Agreement).

### NOTE 7 AGREEMENTS (CONTINUED)

### Clubhouse Funding, Construction, and Operations Agreement (Continued)

### Clubhouse Construction Agreement

Under the Clubhouse Construction Agreement, the parties acknowledge that Choke Cherry Investors, LLC (the Stone Creek Developer) will construct public clubhouse, fitness facility, swimming pool, furnishings, fitness equipment lease, and related public improvements (the Clubhouse Improvements), and that Toll Southwest LLC (the Cielo Developer) advanced sums to the Stone Creek Developer to contribute to the construction costs associated with the Clubhouse Improvements. The parties agree that Cielo Metropolitan District (Cielo MD) may reimburse the Cielo Developer for the Cielo Developer's contribution pursuant to a separate Cielo MD infrastructure acquisition and reimbursement agreement, and that the District may reimburse the Stone Creek Developer pursuant to the FAA or A/R FAA.

### Clubhouse Operations Agreement

Under the Clubhouse Operations Agreement, the District and Cielo MD will share in the management of the Clubhouse Improvements and pay their respective proportionate share of annual budgeted and approved operations and maintenance costs, inclusive of all legal costs, management costs, accountant costs, and other consulting fees (the Clubhouse O&M Costs). The District and Cielo MD agree to cooperate and confer on their annual respective budgets for the Clubhouse O&M Costs, and Cielo MD agrees to pay 25% of its annual allocation of the Clubhouse O&M Costs by March 1 of each year, and to pay the remaining allocation in monthly installments, which accrue interest if they are overdue.

The District and Cielo MD agree that amendments to The Barn at Cherry Creek Pool & Clubhouse Amenities Rules and Regulations, approved by the District's Board of Directors on February 26, 2020, and subsequently adopted by a Joint Resolution of the District's Board of Directors on August 25, 2021 and the Cielo MD's Board of Directors on August 26, 2021 (the Clubhouse/Pool Rules and Regulations), shall be jointly approved by the District's Board of Directors and the Cielo MD's Board of Directors.

The District and Cielo MD also agree that residents, property owners, and taxpayers within the Cielo MD shall not be subject to the Outside User Resolution (discussed below).

### Outside User Resolution

On August 25, 2021, the District's Board of Directors adopted Resolution No. 2021-02-02 Concerning the Use of District Recreational Facilities by Outside Users – 2021 Season (the Outside User Resolution). The Outside User Resolution limits the number of memberships from users outside the District's and Cielo MD's respective boundaries to 25 households and sets the annual fee for outside users for the 2021 season at \$950 per household.

### NOTE 8 RELATED PARTIES

Certain members of the Board of Directors of the District are officers or employees of or related to the Developer or an entity affiliated with the Developer or the majority owner of the Developer and may have conflicts of interest in dealing with the District.

The Homebuilders of the property are Richmond, KB, and Taylor Morrison. Certain members of the Board of Directors are officers or employees of or related to the Homebuilders and may have conflicts of interest in dealing with the District.

### NOTE 9 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

### NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

At December 31, 2021, the District determined its required emergency reserve to be approximately \$4,900.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.

### NOTE 11 SUBSEQUENT EVENTS

### Shortfall Funding Agreement

Concurrent with the A/R FAA (discussed below) and the Seventh Amendment to the OFA (discussed below), on April 4, 2022, the District entered into a Shortfall Funding Agreement with the Developer and the Builders to provide funding to the District (the Shortfall Funding Agreement).

Under the Shortfall Funding Agreement, the Builders agreed to advance funds necessary to fund the District's Total Operations Shortfall and the Total Capital Soft Costs Shortfall, which amounts were based upon the Builders' respective percentage of platted lots (collectively, the Builder Advances). The Builder Advances were a one-time advance, and the Builders were not obligated to fund additional costs outside of the Builder Advances contemplated in the Shortfall Funding Agreement. The District agreed to return any unused portion of the Anticipated Operations Shortfall Advance to the Builders no later than March 31, 2023, and to return any unused portion of the Anticipated Capital Soft Costs Advance to the Builders no later than March 31, 2024.

If the Developer does not repay the Builder Advances, the District agreed to repay to the Builders any remaining Builder Advances made under the Shortfall Funding Agreement, to the extent the District has available revenue, subject to annual budget and appropriation (the Builder Reimbursement). The District is not obligated to pay interest on Builder Advances. The Builder Reimbursement takes priority over payments to the Developer under the OFA and A/R FAA.

### Seventh Amendment to Operation Funding Agreement

On April 4, 2022, the District and Developer entered into the Seventh Amendment to the OFA.

In consideration of the Shortfall Funding Agreement, the Developer agreed to waive all accrued interest and future accrual of interest on outstanding developer advances; waive any interest on all developer advances under the OFA; and to subordinate its right to repayment of the developer advances under the OFA to repayment of the Builder Advances under the Shortfall Funding Agreement.

As of April 4, 2022, outstanding amounts under the OFA consisted of \$350,797 of principal and \$87,602 of accrued interest, and pursuant to the Seventh Amendment, the Developer waived this accrued interest.

### NOTE 11 SUBSEQUENT EVENTS (CONTINUED)

### Amended and Restated Facilities Acquisition Agreement

On April 4, 2022, the District entered into an Amended and Restated Facilities Acquisition Agreement (the A/R FAA) with the Developer, which amended and restated the Original FAA in its entirety.

In consideration of the Shortfall Funding Agreement, the Developer agreed to waive all accrued interest and future accrual of interest on outstanding developer advances under the Original FAA; and to subordinate its right to repayment of the Developer Advances under the A/R FAA to repayment of the Builder Advances under the Shortfall Funding Agreement. The Developer did not waive accrual of interest on capital developer advances that may be made under the A/R FAA in the future.

As of April 4, 2022, outstanding amounts under the Original FAA consisted of \$8,995,528.76 of principal and \$2,400,572.13 of accrued interest, and pursuant to the A/R FAA, the Developer waived this accrued interest, as well as future accrual of interest on the existing principal.

### Services Provided

The District was organized on December 15, 2014 to provide financing for the design, acquisition, construction, installation, relocation, operation and maintenance of essential public-purpose facilities such as water, sanitation, streets, safety protection, park and recreation, transportation, mosquito control, and covenant control. The District will serve the public improvement needs of Stone Creek Ranch which is generally located at Scott Road and State Highway 83 (Parker Road) in Douglas County, Colorado.

Under the Service Plan, the District will provide essential public improvements and services for a new residential community located entirely within Douglas County. The District may, with agreement by the County, engage in other activities. The property in the District is anticipated to be developed consistent with the terms, requirements, and provisions of a Development Agreement.

On November 4, 2014, the District's electorate authorized general obligation debt in the total amount of \$234,000,000. The District's Service Plan limits the amount of debt issuance to \$18,000,000. A maximum total mill levy of 60 mills as adjusted is authorized to support debt service and operations and maintenance. A maximum debt mill levy of 50 mills as adjusted is authorized to support debt service, subject to the limitation of the maximum total mill levy. The maximum operations and maintenance mill levy of 10 mills as adjusted is anticipated to initially support the District's operating costs.

The District anticipates to receive Developer advances to fund initial operating and administrative expenditures until other revenues are available to the District. Construction of certain public improvements within the boundaries of the District is expected to be financed by Developer advances until bonded debt is issued.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

### Revenues

### **Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August, and generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Under the Service Plan, the District is limited to the imposition of a mill levy in an amount not to exceed 60 mills, 10 mills for operations and maintenance and 50 mills for debt services; provided, however, that in the event the method of calculating assessed valuation is changed after the date of approval of the Service Plan, the mill levy limitation provided for the District will be automatically increased or decreased so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation. On September 23, 2014, the date the Service Plan was approved, the ratio of actual valuation to assessed valuation for residential property was 7.96%, and currently the ratio is at 7.15%. Due to this ratio change, the District's debt service mill levy was increased to 55.664 mills and the general mill levy was increased to 11.132 mills.

### **Specific Ownership Taxes**

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 8% of the property taxes collected.

### **Interest Income**

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 0.10%.

### **District Fees**

To pay for costs associated with operating and maintaining District improvements, and to meet the costs of providing essential services, the District has determined that it is necessary to impose District Fees in the form of an Operation and Maintenance Fee (O&M Fee) and Administrative Fee on each lot and/or single family residential dwelling unit. The amount of District Fee is anticipated to be (i) based upon the completion of two neighborhood parks and the clubhouse facility, (ii) charged monthly, and (iii) payable quarterly.

### Revenues – (continued)

### **Developer Advances**

The District is in the development stage. As such, a significant portion of the District's capital, operating, and administrative expenditures will be funded by the Developer. Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from bond proceeds (if applicable) and other legally available revenues.

### **Cielo Cost Share**

Pursuant to Clubhouse Joint Use and Operations Cost Sharing Agreement, between the District and Cielo Metropolitan District's ("Cielo"), and to compensate for Cielo's use of the clubhouse, Cielo will pay for 51% of the annual operations and maintenance costs of the clubhouse.

### **Expenditures**

### **County Treasurer's Fees**

County Treasurer's collection fees have been computed at 1.5% of property taxes.

### **General, Administrative, Operations and Maintenance**

General and administrative expenditures have been provided based on estimates of the District's Board of Directors and consultants and include the services necessary to maintain the District's administrative viability such as legal, accounting, managerial, insurance, meeting expense, and other administrative expenses. The Fee Revenue Fund budget also include budgeted expenditures for the operations and maintenance of the grounds within the District (e.g. utilities, snow removal, repairs, trash, etc.)

### **Capital Outlay**

The District anticipates infrastructure improvements as noted in the Capital Projects fund.

### **Debt and Leases**

The District issued the General Obligation Limited Tax Bonds Series 2018A ("Senior Bonds") and the Subordinate General Obligation Limited Tax Bonds Series 2018B ("Subordinate Bonds") (collectively, the "Bonds") on March 6, 2018, in the amounts of \$8,275,000 and \$1,195,000, respectively. Proceeds from the sale of the Bonds were used to: (i) fund and reimburse a portion of the costs of acquiring, constructing, and installing certain public improvements and paying other costs in connection with the Bonds, and (ii) with respect to proceeds of the Senior Bonds only: (a) fund the Senior Reserve Fund; (b) fund capitalized interest on the Senior Bonds; and, (c) make a deposit to the Surplus Fund.

The Senior Bonds bear interest at 5.625% and are payable semi-annually on June 1 and December 1, beginning on June 1, 2018. Annual mandatory sinking fund principal payments are due on December 1, beginning on December 1, 2022. The Senior Bonds mature on December 1, 2047.

### **Debt and Leases** (continued)

The Subordinate Bonds were issued at the rate of 7.875% per annum and are payable annually on December 15, beginning December 15, 2018, from, and to the extent of, Subordinate Pledged Revenue available, if any, and mature on December 15, 2047. The Subordinate Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal or interest prior to the final maturity date. Unpaid interest on the Subordinate Bonds compounds annually on each December 15. All of the Subordinate Bonds and interest thereon are to be deemed to be paid, satisfied, and discharged on December 16, 2057 (the "Termination Date"), regardless of the amount of principal and interest paid prior to the Termination Date.

The Senior Bonds are also secured by amounts on deposit in the Senior Reserve Fund and in the Surplus Fund. The Senior Reserve Fund was funded from Senior Bond proceeds in the amount of \$350,000. The Surplus Fund was funded from an initial deposit of \$350,000 from Senior Bonds proceeds and from available Senior Pledged Revenue, if any, in accordance with the Senior Indenture up to the Maximum Surplus Amount of \$1,241,250.

The District has no operating or capital leases.

### Reserves

### **Emergency Reserve**

The District has provided for an Emergency Reserve fund equal to at least 3% of fiscal year spending for 2022, as defined under TABOR.

This information is an integral part of the accompanying budget.
